Subject: Statements to Press Dec 5, 2005

Steve,

Attached are three statements from yesterday (Dec. 5) that Washington is encouraging us to use with key contacts and media:

1. Secretary Rice statement at Andrews AFB prior to departure for Europe.
2. Secretary Rice press availability en route to Berlin.
3. White House Spokesman Scott McClellan press gaggle aboard Air Force One.

I hope these are helpful. If you do send any or all of these to Aleks Matovski and other key contacts, please advise. EUR is calling on us to document how we are using these points to clarify questions on detainee issues. I would like to send in at least a short report to EUR/PPD today; passing the statements to the PM's National Security Advisor would certainly be seen as a positive and proactive step.

Thanks,
Mike
